5) There does not appear to be any objection to the transfer proposed as the deed provides for the payment of the rates, taxes and royalties etc by the transferees to Government. There will also be a formal surrender of the rights of the transferors under the Lease in their favour and the execution of a fresh lease for the unexpired portion of the term covered by the old lease in which due provision will be made for payment of taxes, royalties etc. I therefore see no objection to the transfer in question

10 According to Rule 47 a limit is placed on the total area resulting from such assignments. It is found that the Balaghat Mines Block is already 1328 acres in extent. The addition of 250.88 acres will thus make the block more than 2½ miles. The transfer may however be sanctioned as a special case, as the original lease

Sir,

I have the honour to forward herewith for your perusal and kind return, copies of the marginally noted documents received from the Superintendent, of the Balaghat Gold Mines, Ltd., in regard to the proposed transfer of a portion of the Nundydroog Western Block by the Nundydroog Mines, Ltd., to the Balaghat Gold Mines.

2. It will be seen from the documents received that the area agreed to be transferred is 250.88 acres and that the consideration for the transfer is to be £.5,000/-. The transfer is proposed to be effected by:-

(i) the surrendering of the three leases Nos. 131, 135 & 143 at present held by the Nundydroog Co., Ltd.
(ii) obtaining a lease from the Government in favour of the Balaghat Gold Mines, Ltd., in respect of the portion, 250.85 acres, of the Nundydroog Western Block agreed to be sold by the Nundydroog Company.
(iii) obtaining fresh lease or leases from the Government of Mysore in favour of the Nundydroog Mines, Ltd., a reconstructed company, in respect of the blocks surrendered excluding the portion sold to the Balaghat Gold Mines, Ltd.

3. Orders are solicited as to whether the Superintendent of the Balaghat Gold Mines, Ltd., may be informed accordingly.
